

### Course Title: OPITO Helicopter Landing Officer Further - 7021

#### Overview (Target Audience)

This training is designed for currently-appointed OPITO-certified Offshore Helicopter Landing Officers (HLOs) that require their OPITO certification to be revalidated by refreshing and updating their knowledge and skills in aspects of their role that they cannot practice in the workplace.

#### Course Duration

2 Days

#### Course Pre-requisites

The prerequisites for this training programme are:

a) A valid OPITO HLO Helideck Emergency Response Team Leader (HERTL) Certificate

**OR**

b) A valid OPITO HLO Further Training Certificate

Also please refer to Health & Fitness for medical requirements.

#### Course Learning Outcomes

The delegate's learning outcomes are set out below:

To successfully complete this programme, delegates must be able to:

1. State the general firefighting safety goals and objectives
2. Explain the purpose of typical helideck emergency systems and controls
3. Communicate effectively with relevant emergency response personnel
4. Direct the helideck emergency response team in a clear and confident manner
5. When safe to do so, direct the HERT members to the incident area – continually assessing how the changes in the emergency could impact on the safety of the HERT members – dynamic risk assessment.
6. Give clear and concise instructions to HERT members during the emergency
7. Effectively monitor BA control
8. Control helideck and helicopter-related firefighting operations effectively
9. Control the HERT during non-fire helideck incidents
10. Utilise the ER back-up team via the Team Leader – as required
11. Effectively manage missing persons and casualties during the emergency.
12. Look for and respond accordingly to signs of stress in individual HERT members during the emergency.

Learning Outcomes 3 through 12 to be assessed during practical exercises.

## **Certification**

Each delegate who is successful on OPITO HLO Further training will receive an OPITO HLO Further Certificate and be registered on the central register which is operated by OPITO.

## **Validity Period**

2 Years

## **Min & Max No. of Delegates**

Minimum: 4

Maximum: 12

## **Health & Fitness**

All personnel who participate in practical activities specified in this course outline must be physically and mentally capable of participating fully.

All students will be asked to complete a Qatar International Safety Centre standard medical questionnaire prior to course commencement.

Delegates are required to declare any current or pre-existing medical conditions which may be exacerbated by, or impair their ability to complete, the training/assessment programme. Should this be the case, the individual may be required to provide an authentic medical certificate issued since any identified medical condition was diagnosed.

## **Venue (Training Location)**

Qatar International Safety Centre  
Gate 9, Street 45  
Salwa Industrial Area  
Doha  
Qatar  
PO BOX 23651
